Education

Deogiri Institute of Engineering and Management Studies — Chhatrapati Sambhajinagar, Maharashtra
B.Tech in Computer Science and Engineering (CGPA: 7.16 Till 6th Semester) — August 2023 – Present

Jijamata Junior College — Washim, Maharashtra
Higher Secondary Certificate (Percentage: 87%) — June 2022 – May 2023

Bal Shivaji Marathi Vidya Niketan — Washim, Maharashtra
Secondary School Certificate (Percentage: 82.60%) — June 2020 – May 2021

Projects

AutoPost - AI-Based Social Media Post Scheduler

- Developed a full-stack social media management platform using **MongoDB, Express.js, React.js, and Node.js** for creating, managing, and scheduling social media posts.
- Integrated **AI-assisted content generation** to help users generate and refine post content based on their requirements.
- Implemented **RESTful APIs, user authentication, post scheduling, and database operations** for managing user and post data.

Eventora - Event Booking Application

- Engineered a full-stack event discovery and ticket booking platform using the **MERN stack** with a responsive, component-driven UI.
- Implemented secure user **authentication (JWT)** and **Role-Based Access Control (RBAC)** to separate Admin/Organizer event management from Attendee booking workflows.
- Designed **RESTful APIs** and structured **MongoDB schemas** to handle dynamic event filtering, real-time ticket availability, and booking confirmations.

Airline Booking System – Backend | Node.js, Express, Database, Postman

- Built a modular backend application in **Node.js** providing **REST endpoints** for user authentication, flight inventory management, and seat booking workflows.
- Handled transaction consistency and query optimization to process **multi-passenger booking** requests under high concurrency.

Skills

Programming Languages:	C, Java, Python, JavaScript, SQL
Frontend Technologies:	HTML, CSS, Tailwind CSS, Bootstrap, React.js
Backend Technologies:	Node.js, Express.js, MongoDB, MySQL
Development Tools:	Git & GitHub, Postman, VS Code, Chrome DevTools
CS Fundamentals:	Data Structures and Algorithms, Object Oriented Programming, Computer Network, DBMS, Operating Systems

Activities and Achievements

- **HDFC Bank Parivartan Scholar** (2023) – Recipient of the prestigious national engineering scholarship awarded by **HDFC Bank Parivartan** Foundation | Certificate
- HDFC Bank Parivartan Mentorship Program 2025-26 | Certificate
- **Competitive Programming & DSA:** Solved 300+ problems on Leetcode and GeeksforGeeks. Achieved a 5-Star rating in Java on HackerRank.
- **Competitive Hackathons:** Active participant in 4 national hackathons focused on full-stack development, rapid prototyping, and collaborative problem-solving.
- **NSS Volunteer** – Contributed to social projects like tree plantation and developed skills in event planning and public speaking (2023–Present).

Certifications

- Data Structures & Algorithm in Java– Apna College | Certificate
- Node.js Backend Development – KnowledgeGate | Certificate
- Python Programming Masterclass – Udemy| Certificate
- SQL Basics Skill Certification– HackerRank | Certificate
- German Language Course – Udemy | Certificate
